12a. Prescribed drugs (continued)

4. The unit rebate amount is confidential and will not be disclosed except in accordance with §1927(b)(3)(D) of the Act.
5. A drug that the Department determines comes within its multi-state supplemental drug rebate program for Medicaid recipients as allowed by §1927, but for which a manufacturer has not signed a supplemental drug rebate agreement authorized by CMS, will be prior authorized.

Even if a manufacturer has not signed a supplemental drug rebate agreement, there is never prior authorization for any atypical antipsychotic drug prescribed for the treatment of adult mental illness if:

- there is no generically equivalent drug available; and
- the drug was initially prescribed for the recipient before July 1, 2003; or
- the drug is part of the recipient's current course of treatment.

Medicaid covers the following prescribed drugs not eligible for rebate:

- vitamins for adults with documented vitamin deficiencies
- vitamins for children under the age of seven and pregnant or nursing women

The State may enter into value-based contracts with manufacturers on a voluntary basis. These contracts will be executed on the model agreement entitled "Value-Based Supplemental Rebate Agreement" submitted to CMS on May 8, 2024, and authorized for use beginning April 1, 2024.
