Land Acknowledgement and Declaration of Commitment

We, the members of the State Advisory Council on Mental Health and Subcommittee on Children’s Mental Health, acknowledge that the wealth of this country was built on stolen land and with enslaved and underpaid labor of African American, Native American, and Immigrant people. We acknowledge that the recent global uprising, which was sparked by the murder of George Floyd here in Minnesota, paired with the COVID-19 pandemic, makes for a time of profound uncertainty, shame, fear, and distrust. We also recognize that despite those feelings, we all must actively challenge the impact of our own implicit biases and how they may influence our decisions as individuals and leaders.

Furthermore, we recognize that racism also expresses itself in policies and practices that either target or erase BIPOC communities and erect barriers to their prosperity. Therefore, we pledge to be vigilant in monitoring the formulation of policies and practices that produce harm to vulnerable populations. We also commit to being open to other people’s truths as we acknowledge the resilience, creativity and generosity of the human spirit and we hold firmly to a persistence of Hope.

With these issues in mind, we commit to dismantling systemic and structural racism by initiating and supporting policies, practices, and the allocation of resources that promote diversity, equity, inclusion, and shared power.
