4.b.Early and periodic screening, diagnosis, and treatment services (continued)

Youth ACT services provided by entities with contracts with the Department are paid a regional per diem rate per provider as indicated by the table below. The Department will set rates inclusive of all intensive nonresidential rehabilitative services identified in Attachments 3.1-A and B, section 4.b., item 5, using statewide parameters with assigned values based on regional costs of providing care. To determine this rate, the Department will include and document:

- A. the cost for similar services in the geographic region;
- B. actual costs incurred by entities providing the services;
- C. the intensity and frequency of services to be provided to each client;
- D. the degree to which clients will receive services other than services under this section; and
- E. the costs of other services that will be separately reimbursed.

The chart below identifies the per diem rate for youth ACT services provided on or after the effective date. The rate is based on the five criteria above. Rates are recalculated annually based on the submitted charges for the individual service components within the geographical regions. Effective for the rate years beginning on and after January 1, 2024, rates for Youth ACT services must be annually adjusted for inflation using the Medicare Economic Index (MEI). The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined.

13.d. Rehabilitative services. (continued)

Crisis assessment, crisis intervention, and crisis stabilization

provided as part of mental health crisis response services are paid:

- As described in item 4.b. when provided by mental health professionals or mental health practitioners;
- when provided by mental health rehabilitation workers, the lower of the submitted charge or \$18.59 per 15- minute unit;
- in a group setting (which does not include short-term services provided in a supervised, licensed residential setting that is not an IMD), regardless of the provider, the lower of the submitted charge or \$9.29 per 15-minute unit. For the purposes of mental health crisis response services, "group" is defined as two to 10 recipients;

For a supervised, licensed residential setting with four or fewer beds, and does not provide intensive residential treatment services, payment is based on a historical calculation of the average cost of providing the component services of crisis assessment, crisis intervention and crisis stabilization in a residential setting, exclusive of costs related to room and board or other unallowable facility costs, and is equal to the lower of the submitted charge or ~~\$642.86~~ \$591.24 per day.
