

### Assisted Living Report Card Advisory Group

Wednesday, May 3, 11:00 a.m. – 12:00 p.m.

#### Organizations represented on the Advisory Group

- AARP Minnesota
- Alzheimer's Association
- Care Providers of Minnesota
- Diverse Elders Coalition (Minnesota Leadership Council on Aging)
- Elder Voice Family Advocates
- LeadingAge Minnesota

- Managed Care Organizations
- Minnesota Board on Aging
- Minnesota Department of Health
- Minnesota Elder Justice Center
- Ombudsman for Long Term Care
- Stratis Health

## Meeting agenda

Topic	Presenter	Time
Summary of staffing measure feedback	DHS	11:05am- 11:10am
Resident health measure overview	UMN	11:10am- 11:50am

### Review of staffing measure feedback

- Feedback was collected through:
  - March Advisory Group meeting (n=10)
  - Drop-in meetings (n=4)
  - Staffing measure feedback form (n=2)
- Results were mixed, and ranged from requests that all tags be included to requests that a limited number of tags be included.
- DHS will consider this feedback on licensing survey measures and will update the AG on our decisions in the coming months.

## AL licensure survey measure development roadmap

Tetyana Shippee, PhD
Associate Professor

## Agenda

- Resident Health Outcomes overview
  - Review of what makes up this domain
  - Discussion of which tags belong and which tags do not belong in this measure

## From the literature review: 9 domains of quality in assisted living

- Resident quality of life
- Resident and family satisfaction
- Staff
- Safety
- Resident health outcomes
- Physical and social environment
- Service availability
- Core values and philosophy
- Care services and integration

# Resident Health Outcomes sub-domain review

Domain	Sub-domain	Indicators
Resident health outcomes	<ul> <li>Physical function</li> <li>Psychosocial well-being</li> <li>Adverse/avoidable critical incidents</li> <li>Medication errors</li> <li>Nursing home admissions from AL</li> <li>Mental health/Behavioral health</li> </ul>	<ul> <li>ADLs/IADLs</li> <li>Social roles</li> <li>Falls</li> <li>Avoidable hospitalization</li> <li>Under/over prescribing</li> <li>Incorrect medication</li> <li>Incorrect timing of medication</li> <li>NH admissions from AL</li> <li>Rates of alcohol misuse and abuse</li> </ul>

# Mapping tags to the resident health outcomes domain domain: measurement development

- Scanned lit review
- Reviewed tag ID/statute descriptions

Mapped tags to resident health outcomes

Revised mapped tags

- Asked MDH clarifying questions
- Discussed initial mapping with DHS

- Discussed revised mapping with DHS/MDH
- Added groups and subgroups for ease of reviewing

Advisory group for feedback

## Staffing domain mapped tags overview

40 tags mapped to resident health outcomes

Resident assessments-5 tags

Resident service plan- 6 tags

Treatment/therapy management-6 tags

Medication management-23 tags

Caption text

## Resident assessment

- Tag 1610
  - An assisted living facility shall conduct a nursing assessment by a registered nurse of the physical and cognitive needs of the prospective resident...
- Tag 1620
  - Resident reassessment and monitoring must be conducted....

## Resident service plan

- Service plans flow from resident assessments. Without a service plan, how do we know what residents are getting?
- Tag 1650
  - What must be included in the service plan...description of services according to the resident's current assessment and preferences...

# Resident health outcomes domain mapping- Medication management

-Administration of meds (2) -Medication assessment (3) -Documentation (2) -Medication plan (2) -Meds away from home (2) Medication management -Prescriptions (7) -Storage (1) -Non prescription meds (1) -Prohibitions (1) -Meds not provided by facility -Disposal (1)

# Resident Health Outcomes scope & severity data

D=isolated, E=pattern, F=widespread

From the first 150 surveys (September, 2021- May, 2022)

## Literature review resident health outcomes subdomains

### Found in state statute and tags:

- Medications/medication errors
- Physical function

#### Possibly supported by tags

Adverse/avoidable critical incidents

### Not found in state statute and tags:

- Nursing home admissions
- Mental health/Behavioral health
- Psychosocial well-being

## Large Group Discussion

- Question 1:
  - What are your overall reactions to this list?
- Question 2:
  - Which tags do belong in this measure? Why?
- Question 3:
  - Which tags don't belong in this measure? Why?

- Please place a post-it note or comment on the Jamboard or give your comment to the facilitator to

## Questions and Discussion

Top discussion topics for each question- review the Jamboard

### Closing comments

### Next steps for the Advisory Group

- May is Peter Spuit's last month with DHS and the AL Report Card.
- Today's meeting slides and notes will be posted to the project webpage: www.mn.gov/dhs/assisted-living-report-card
- Two drop-in feedback sessions have been scheduled on May 15 & 18 to gather additional group member input for the Resident Health domain.
- DHS will send a status update on Vital Research's current round of data collection via e-mail.

#### Next steps for the Advisory Group, continued

- Next meeting: June 29, 12pm-2pm
- Meeting topics:
  - Plans for 2023-2024 round of data collection
  - Follow-up from Advisory Group member feedback on Resident Health measure
  - Safety measure overview
    - A list of Safety related tags will be sent to group members via e-mail ahead of June's meeting for your review and feedback.
