- Discussion re: Forensic Navigators across the US
- Review & Discussion re: Proposed Recommendations
- Action Items for Next Meeting

#### **Forensic Navigators Across the US**

Sharon presented information on Forensic Navigators, She looked at 17 states, 4 couldn't find information, 6 she contacted Colorado – uses 3 different positions (forensic navigator, bridges liason, momentum program)

**from KyleeAnn Stevens to everyone: 12:30 PM**

**Would you recommend navigators "take over" as the primary resource for those with CCMs, work in addition to, or not at all?**

**from Sharon to everyone: 12:32 PM**

**I think it depends how you define the role and how well it is funded for what they can or cannot realistically do. Sorry that is not a clear answer. If money wasnt an issue I would say that would temporarily take over.**
