Family Child Care Training Advisory

Scott Parker – Supervisor; Child Care Services Division

Child Care Services Division Recommendations

- Create tutorials for navigating the Develop data system

- Create identifying badges to identify DHS developed training to meet FCC licensing requirements

- Adjust public search results to display state developed courses first in the event search

- Provide grant funding to assist new trainers with start-up costs

- Provide technology support and other technical assistance for trainers

- Provide additional resources to allow CDS to create and update courses more frequently.

Thank You!
