42 **R2960V.01 PURPOSE.**

43

44 The purpose is to define PRTF and establish the licensing standards that pertain to the program. The  
45 requirements for PRTF are further defined within the body of this document.

46

47 This document establishes variance standards governing psychiatric residential treatment facilities  
48 (“PRTF”) serving children. A license holder with an approved variance is relieved from the  
49 requirements of Minnesota Rules, chapter 2960 since the variance contains alternative conditions that  
50 license holders must meet in order to be licensed under chapter 2960 as a Children’s Psychiatric  
51 Residential Treatment Facility.

52

53 **R2960V.02 APPLICABLE REGULATIONS.**

54

55 Subpart 1. **Applicable regulations.** In addition to the requirements in this variance, license holders  
56 must also comply with all other applicable laws, requirements, and standards, some of which are not  
57 enforced as licensing standards. In addition to this variance, the following requirements are enforced by  
58 Department of Human Services, Licensing Division:

59

(1) Minnesota Statutes, chapter 245A;

60

(2) Minnesota Statutes, chapter 260E and sections 626.557 and 626.5572;

61

(3) Minnesota Statutes, chapter 245C; and

62

(4) Minnesota Rules, chapter 9544.

63

64 Subpart 2. **Compliance with Code of Federal Regulations.** License holders must comply with the  
65 Code of Federal Regulations, title 42, sections 441.150 to 441.182 and be approved by the designated  
66 survey and certification group as meeting the conditions of participation.

67

68 **R2960V.03 DEFINITIONS.**

69

70 Subpart 1. **Active Treatment.** “Active Treatment” means implementation of a professionally  
71 developed and supervised individual plan of care, designed to achieve the resident’s discharge from a  
72 PRTF at the earliest possible time.

73

74 Subpart 2. **Case Manager.** “Case manager” means a person who is employed by a county or tribe or an  
75 agency contracted with the county or tribe who is responsible to provide the individual with assistance to  
76 gain access to needed medical, social, educational, vocational and other necessary services.

77

78 Subpart 3. **Clinical Supervision.** “Clinical Supervision” means the mental health professional must  
79 provide supervision in the development, modification, and implementation of individual treatment plan  
80 and the service components provided by each program. All treatment areas are driven by the mental  
81 health professional through clinical oversight, role modeling, review and evaluation of treatment.

82

83 Subpart 4. **Commissioner.** “Commissioner” means the Commissioner of Human Services or the  
84 commissioner’s designated representative including county agencies and private agencies.

85

86 Subpart 5. **Department.** “Department” means the Minnesota Department of Human Services.

87

88 Subpart 6. **Direct Services.** “Direct Services” means providing face-to-face care and treatment,  
89 training, supervision, counseling, consultation, or medication administration, assistance and  
90 management to individuals served by the program.

91  
92 Subpart 7. **Family.** “Family” means a person or people committed to the support of the individual  
93 receiving services, regardless of whether they are related or live in the same household.

94  
95 Subpart 8. **Hospital Leave Day.** “Hospital leave day” means when a resident requires admission to a  
96 hospital for medical or acute psychiatric care and is temporarily absent from the PRTF.

97  
98 Subpart 9. **Imminent Risk of Harm.** “Imminent risk of Harm” means a behavior that is likely to cause  
99 physical harm to self or others that is highly likely to occur in the immediate future.

100  
101 Subpart 10. **Individual plan of Care.** “Individual plan of care” means a written plan developed for  
102 each resident to improve the resident’s condition to the extent that psychiatric residential treatment is no  
103 longer necessary.

104  
105 Subpart 11. **Legal Representative.** "Legal representative" means a guardian, conservator, or guardian  
106 ad litem of a child with an emotional disturbance authorized by the court to make decisions about mental  
107 health services for the child.

108  
109 Subpart 12. **License holder.** “License holder” has the meaning given it in Minnesota Statutes, section  
110 245A.02, subdivision 9.

111  
112 Subpart 13. **Living Unit.** “Living unit” means a set of rooms that are physically self-contained, have  
113 the defining walls extending from floor to ceiling and include bedrooms, living rooms or lounge areas,  
114 bathrooms, and connecting areas.

115  
116 Subpart 14. **Manual Restraint.** “Manual restraint” means the physical intervention intended to hold a  
117 person immobile or limit a person’s voluntary movement by using body contact as the only source of  
118 physical restraint.

119  
120 Subpart 15. **Mechanical restraint.** “Mechanical restraint” means the use of devices, materials, or  
121 equipment attached or adjacent to the person’s body that limits a person’s voluntary movement or holds  
122 a person immobile as an intervention precipitated by a person’s behavior. Mechanical restraint does  
123 not include: devices worn by the person that trigger electronic alarms to warn staff that a person is  
124 leaving a room or area, which not, in and of themselves, restrict freedom of movement; or the use of  
125 adaptive aids or equipment or orthotic devices ordered by a health care professional used to treat or  
126 manager a medical condition.

127  
128 Subpart 16. **Mental health practitioner.** “Mental health practitioner” means a staff person who is  
129 qualified according to section [245I.04, subdivision 4](#).

130  
131 Subpart 17. **Mental health professional.** “Mental health professional” means a staff person who is  
132 qualified according to section [245I.04, subdivision 2](#).

133

134 Subpart 18. **Monthly.** “Monthly” means at least once every calendar month.  
135

136 Subpart 19. **Person-centered planning.** “Person-centered planning” means a strategy used to  
137 facilitate team-based plans for improving a person’s quality of life as defined by the person, the  
138 person’s family, and other members of the community, and that focuses on the person’s preferences,  
139 talents, dreams, and goals.  
140

141 Subpart 20. **Positive support strategy.** “Positive support strategy” means a strength-based strategy  
142 based on an individualized assessment that emphasizes teaching a person productive and self-  
143 determined skill or alternative strategies and behaviors without the use of restrictive interventions.  
144

145 Subpart 21. **Psychiatric practitioner.** “Psychiatric practitioner” means a physician licensed under  
146 Minnesota Statutes, chapter 147, who is certified by the American Board of Psychiatry and Neurology  
147 or is eligible for board certification. A psychiatric registered nurse who is licensed under Minnesota  
148 Statutes, sections 148.171 to 148.285, and is certified as a clinical nurse specialist or a nurse  
149 practitioner in adult or family psychiatric and mental health nursing by a national nurse certification  
150 organization.  
151

152 Subpart 22. **Registered nurse (RN).** “Registered nurse” or “RN” means a registered nurse who is  
153 licensed under Minnesota Statutes, sections 148.171 to 148.285 and has specialized training or one  
154 year’s experience in treating mentally ill individuals.  
155

156 Subpart 23. **Seclusion.** “Seclusion” means: (i) removing a person involuntarily to a room from which  
157 exit is prohibited by a staff person or a mechanism such as a lock, a device, or an object positioned to  
158 hold the door closed or otherwise prevent the person from leaving the room; or (ii) otherwise  
159 involuntarily removing or separating a person from an area, activity, situation, or social contact with  
160 others and blocking or preventing the person’s return.  
161

162 Subpart 24. **Serious injury.** “Serious injury” means any significant impairment of the physical  
163 condition of the resident as determined by a qualified medical personnel. This includes, but is not  
164 limited to, burns, lacerations, bone fractures, substantial hematoma, and injuries to internal organs,  
165 whether self-inflicted or inflicted by someone else.  
166

167 Subpart 25. **Serious occurrence.** “Serious Occurrence” means a resident’s death; serious injury, or  
168 suicide attempt.  
169

170 Subpart 26. **Staff or staff member.** “Staff” or “staff member” means a person who works under the  
171 direction of the license holder regardless of their employment status. This includes but is not limited to  
172 interns, consultants, individuals who work part-time, and individuals who do not provide direct care  
173 services, but does not include volunteers.  
174

175 Subpart 27. **Therapeutic leave day.** “Therapeutic leave day” means leave for the purpose of preparing  
176 for discharge and reintegration.  
177

178 Subpart 28. **Time Out.** “Time out” means the restriction of a resident for a period of time to a  
179 designated area that is staff directed from which the resident is not physically prevented from leaving,  
180 for the purpose of providing the resident an opportunity to regain self-control.

181  
182 Subpart 29. **Treatment team.** “Treatment team” means the individual, staff, family and designated  
183 agency as applicable who provide services under this variance to individuals.

184  
185 Subpart 30. **Volunteer.** “Volunteer” means a person who, under the direction of the license holder,  
186 provides services or an activity without pay to an individual served by the license holder.

187  
188 Subpart 31. **Weekly.** “Weekly” means at least once every calendar week. The license holder must  
189 define the calendar week.

190

191 **R2960V.04 RESIDENT RIGHTS.**

192

193 Subpart 1. **Basic rights.** A resident has basic rights including, but not limited to, the rights in this  
194 subpart. The license holder must ensure that resident rights are protected. Resident rights include the  
195 right to:

- 196 (1) Reasonable observance of cultural and ethnic practice and religion;
- 197 (2) A reasonable degree of privacy;
- 198 (3) Participate in development of the resident's treatment and case plan;
- 199 (4) Positive and proactive adult guidance, support, and supervision;
- 200 (5) Be free from abuse, neglect, inhumane treatment, and sexual exploitation;
- 201 (6) Needed medical care;
- 202 (7) Nutritious and sufficient meals and sufficient clothing and housing;
- 203 (8) Live in clean, safe surroundings;
- 204 (9) Receive a public education;
- 205 (10) Reasonable communication and visitation with adults outside the facility, including  
206 parents, extended family members, siblings, a legal guardian, a caseworker, an attorney, a  
207 therapist, a physician, a religious advisor, a case manager, or another important person in the  
208 resident’s life, in accordance with the resident's treatment plan;
- 209 (11) Daily bathing or showering and reasonable use of materials, including culturally specific  
210 appropriate skin care and hair care products or any special assistance necessary to maintain an  
211 acceptable level of personal hygiene;
- 212 (12) Access to protection and advocacy services, including the state-appointed ombudsman and  
213 federal protection and advocacy program, parent, guardian and/or legal representative present for  
214 debriefing after the use of seclusion and restraint;
- 215 (13) To retain and use a reasonable amount of personal property;
- 216 (14) Courteous and respectful treatment;
- 217 (15) If applicable, the rights stated in Minnesota Statutes, sections 144.651 and if applicable  
218 Minnesota Statutes, section 253B.03;
- 219 (16) Be free from bias and harassment regarding race, gender, age, disability, spirituality, and  
220 sexual orientation;
- 221 (17) Be informed of and to use a grievance procedure; and
- 222 (18) Be free from restraint and seclusion, of any form, used as a means of coercion, discipline,  
223 convenience, or retaliation.

Subpart 2. **Basic rights information.** The license holder must comply with the requirements in items A and B.

A. Upon admission, the license holder must document that that license holder provided the resident a copy of the resident's basic rights information and explain these rights to the resident in a language that the resident can understand. Within five days, the license holder must give the resident’s parent, legal guardian, or custodian a written copy of the resident's basic rights information.

B. The license holder must post a copy of the resident's rights where it can be readily accessed by staff and the resident.

Subpart 3. **Resident and family grievance procedures.** The license holder must comply with the requirements in items A and B.

A. The license holder must develop and follow a written grievance procedure that allows a resident, the resident's parent or legal representative, a resident’s legal guardian, or a concerned person in the resident's life to make a formal complaint, provide suggestions, or express a concern about any aspect of the resident's care during the resident's stay in the facility. The license holder and staff must not attempt to influence a resident's statement about the facility in the grievance document or during an investigation resulting from the grievance. The written grievance procedure must require, at a minimum, that:

- (1) the license holder must give the person who wants to make a grievance the necessary forms and any assistance needed to file a grievance;
- (2) the license holder must identify the person who is authorized to resolve the complaint and to whom an initial resolution of the grievance may be appealed and, upon request, a license holder must carry a grievance forward to the highest level of administration of the facility;
- (3) a person who reports a grievance must not be subject to adverse action by the license holder as a result of filing the grievance; and
- (4) a person filing a grievance must receive a written response within five days.

B. If a grievance is filed, the license holder must document the grievance along with the investigation findings and resulting action taken by the license holder. Information regarding the grievance must be kept on file at the facility for five years.

**R2960V.05 ADMISSION, CONTINUED STAY, AND DISCHARGE.**

Subpart 1. **Admission Criteria.** The license holder must develop and maintain admission criteria for the program that meets the requirements under this part. The requirements do not prohibit the license holder from restricting admissions or transferring residents who present an imminent danger to themselves or others.

**Variance to Minnesota Rules, Chapter 2960 for Children’s Psychiatric Residential Treatment Facilities (PRTF)**

Revised 8/28/2023

- 267 A. The license holder must:  
268 (1) identify what information the license holder requires to make a determination concerning an  
269 admission referral; and  
270 (2) consider the program’s staffing patterns and competencies of staff when making a  
271 determination concerning whether the program is able to meet the needs of a person seeking  
272 admission.  
273  
274 B. Resident must meet the eligibility criteria outlined in Minnesota Statute, section 256B.0941,  
275 subdivision 1.  
276  
277

278 Subpart 2. **Continued Stay Criteria.** When a continued stay at the facility is needed, it is the  
279 responsibility of the resident’s multidisciplinary treatment team and the clinical director to establish that  
280 the requirements for a continued stay have been met.  
281

282 Subpart 3. **Discharge Criteria.** All discharge planning that occurs throughout a resident’s care must  
283 reflect best practices, and comply with the Olmstead plan and person-centered practices. The following  
284 criteria must be met for a resident discharge.  
285

- 286 A. The child or adolescent can be safely treated at an alternative level of care.  
287  
288 B. An individualized discharge plan with appropriate, realistic and timely follow-up care is in place.  
289  
290 C. In addition to items A and B above, one or more of criteria (1) through (5) must be met:  
291 (1) The resident’s documented treatment plan goals and objectives have been substantially met  
292 or a safe, continuing care program can be arranged and deployed at a lesser level of care.  
293 (2) The resident no longer meets admission criteria, or meets criteria for a less or more intensive  
294 level of care.  
295 (3) The resident, or family member, guardian, or custodian are competent but non-participatory  
296 in treatment or in following the program rules and regulations and there is non-participation to  
297 such a degree that treatment at this level of care is rendered ineffective or unsafe, despite  
298 multiple, documented attempts to address nonparticipation issues.  
299 (4) Consent for treatment is withdrawn, and it is determined that the resident, parent, or guardian  
300 has the capacity to make an informed decision and the resident does not meet criteria for an  
301 emergency hold per Minnesota Statute, section 253B.051, subdivision 2.  
302 (5) The resident is not making progress toward treatment goals despite persistent efforts to  
303 engage him or her, and there is no reasonable expectation of progress at this level of care; nor is  
304 the level of care required to maintain the current level of function.  
305

306 **R2960V.06 TREATMENT PROGRAMMING.**  
307

308 Subpart 1. **Active treatment.** Psychiatric residential treatment services must involve active treatment  
309 seven days a week.  
310

- 311 A. Active treatment is:  
312 (1) the implementation of services immediately upon admission outlined in a plan of care;

**Variance to Minnesota Rules, Chapter 2960 for Children's Psychiatric Residential Treatment Facilities (PRTF)**

Revised 8/28/2023

- 313 (2) the continuous and intentional interaction between the resident and staff;
- 314 (3) designed to meet the mental health needs of the resident that necessitated the admission to
- 315 the PRTF;
- 316 (4) supervised by a licensed mental health professional who is responsible for the care of the
- 317 resident; and
- 318 (5) determining length of stay based on the resident's needs and not on the program structure.
- 319

320 B. Facilities providing active treatment will:

- 321 (1) provide a safe, nurturing, non-hostile and therapeutic milieu to residents;
- 322 (2) document the delivery and response to treatment;
- 323 (3) provide a flexible schedule to facilitate family involvement in treatment; and
- 324 (4) include, at an appropriate time, post-discharge plans and coordination of services with
- 325 transition discharge plans and related community services to ensure continuity of care with the
- 326 resident's family, school, and community upon discharge.
- 327

328 C. Treatment services include the following:

- 329 (1) active treatment seven days per week, which may include individual, family, or group
- 330 therapy as identified in the individual plan of care;
- 331 (2) individual therapy, provided a minimum of twice per week;
- 332 (3) family engagement activities, provided a minimum of once per week;
- 333 (4) consultation with other professionals, including case managers, primary care professionals,
- 334 community-based mental health providers, school staff, or other support planners;
- 335 (5) coordination of educational services between local and resident school districts and the
- 336 facility;
- 337 (6) nursing 24 hours and seven days a week; and
- 338 (7) direct care and supervision, supportive services for daily living and safety, and positive
- 339 behavior management.
- 340

341 Subpart. 2. **Individualized Program.** Each resident shall be prescribed an individualized program that

342 does the following:

- 343 (1) includes obtaining all medically necessary services the resident needs while a resident of the
- 344 facility;
- 345 (2) addresses their specific needs and maximizes functioning in activities of daily living,
- 346 education, and vocational preparation;
- 347 (3) is designed to improve the person's mental health resiliency and recovery;
- 348 (4) builds upon the strengths and preferences of the resident and their family identified in the
- 349 plan of care;
- 350 (5) includes family involvement with a focus towards the resident and family's presenting
- 351 problem(s) with assistance given to identify resources and discover solutions;
- 352 (6) is culturally and spiritually responsive as defined by the resident and family;
- 353 (7) consists of multiple and various treatment offerings that are trauma informed and person
- 354 centered and provided immediately upon admission and continuing during the day, evening, and
- 355 weekends;
- 356 (8) ensures all PRTF service staff in regular contact with the resident are aware and understand
- 357 each resident's needs, goals and services identified on the plan of care; and

358 (9) ensures staff engage residents in continuous and intentional interaction designed to meet the  
359 resident’s needs regardless of the setting or activity during all waking hours including day,  
360 evening, and weekends.

361

362 **R2960V.07 REQUIRED SERVICE COMPONENTS AND DOCUMENTATION.**

363

364 Subpart 1. **Individual plan of care.** License holder must comply with the requirements in items A and  
365 B.

366

367 A. Within 24 hours, an immediate needs assessment and preliminary plan of care must be  
368 completed including the following:

369 (1) an assessment of needs related his/her health and safety, including specific measures to  
370 minimize risks;

371 (2) minimally one primary treatment goal/objectives/interventions; and

372 (3) the resident’s treatment schedule.

373

374 B. Implemented no later than 10 days after admission to the facility the license holder must develop  
375 a more formalized individualized plan of care that must comply with the following:

376 (1) The plan of care is individualized and appropriate to the resident’s changing condition.

377 (2) The multidisciplinary treatment team will meet to review/revise each resident and plan of  
378 care as often as necessary to provide optimum treatment but at least once during the first 10 days  
379 following admission and every 30 days thereafter with consideration of all applicable and  
380 appropriate treatment modalities.

381 (3) Observable, measurable treatment objectives that represent incremental progress towards  
382 goals, coupled with target dates for their achievement.

383 (4) Specific treatment modalities and/or strategy interventions will be employed to reach each  
384 objective with identification of the staff who are responsible to deliver the interventions and  
385 frequency of the interventions.

386 (5) For individuals who display issues related to inappropriate chemical use, but who do not  
387 have a sufficient chemical use history to refer to treatment the license holder must provide  
388 education about chemical health to the resident. The education must provide the individual with  
389 opportunities to examine the problems associated with inappropriate chemical use.

390 (6) For individuals that display behaviors that may require the use of restraint or seclusion, an  
391 individual support plan must be developed. The support plan will be developed with the  
392 individuals’ involvement that identifies target behaviors, triggers, coping skills, precursors and a  
393 plan to assist the individual during crisis.

394 (7) The date it was completed or updated.

395 (8) The resident and legal guardian’s signature to acknowledge his/her participation in the  
396 development and revisions of the plan of care. If the resident and/or legal guardian refuses to  
397 participate in the development of their plan of care or subsequent revisions, the refusal must be  
398 documented in the resident’s individual file.

399 (9) The signature(s) and title(s) of the multidisciplinary team who completed or update the plan  
400 of care and the signature of the mental health professional who approved the plan of care.

401

402

403 Subpart 2. **Therapeutic and Hospital Leave Days.** The license holder must document therapeutic and  
404 hospital leave days in the resident record. Therapeutic leave day(s) must be included in the individual  
405 plan of care that lists out the objective for the leave day. The therapeutic leave visit may not exceed  
406 three days per visit without prior authorization.

407  
408 Subpart 3. **Discharge Planning.** At least ten days before discharge, the treatment team must develop a  
409 discharge plan consistent with Minnesota Statutes, section 245.4882, subdivision 3. Discharge planning  
410 must comply with the requirements in items A to C.

- 411  
412 A. Discharge planning for the resident shall begin upon admission to the PRTF. This process  
413 should include the community based provider where the youth will be discharging to if  
414 determined, the treatment team and other facility staff, and the resident and their legal guardian  
415 when possible.
- 416  
417 B. Prior to discharge, the license holder shall prepare an aftercare plan that addresses coordination  
418 of family, school/vocational and community resources to provide the greatest possible continuity  
419 of care. The aftercare plan shall include the following:  
420 (1) Medical needs including allergies;  
421 (2) Medication, dosage, clinical rationale, and name of prescriber;  
422 (3) Discharge diagnosis and treatment summary;  
423 (4) Prevention plan to address symptoms of harm to self or others;  
424 (5) Any other essential recommendations;  
425 (6) Appointments with after discharge service providers indicating date, time, and place;  
426 (7) Contact information for internal providers; and  
427 (8) Education contact number from the PRTF education provider.
- 428  
429 C. License holder shall submit documents related to the resident’s care in their facility to any  
430 mental health provider who will be providing aftercare.

431  
432  
433 Subpart 4. **No eject policy.** A license holder must have a written no eject policy. Before  
434 administratively discharging a resident who has not reached the resident's treatment plan goals the  
435 license holder must confer with other interested persons to review the issues involved in the decision.  
436 During this review process, which must not exceed five working days, the license holder must  
437 determine whether the license holder, treatment team, interested persons, if any, and the resident can  
438 develop additional strategies to resolve the issues leading to the discharge and to permit the resident an  
439 opportunity to continue to receive services from the license holder. If the review indicates that the  
440 decision to discharge is warranted, the reasons for it and the alternatives considered or attempted must  
441 be documented. A resident may be temporarily removed from the facility during the five-day review  
442 period. This subpart does not apply to a resident removed by the parent, guardian or payer.

443  
444 **R2960V.08 HEALTH CARE SERVICES AND MEDICATION.**

445  
446 Subpart 1. **Health care services description.** An applicant or license holder must maintain a complete  
447 description of the health care services, nursing services, dietary services, and emergency physician  
448 services offered by the license holder.

Subpart 2. **Health Services - monitoring and supervision.** The following nursing services must be provided by the license holder. The individual responsible for these services must be a registered nurse. The nurse shall be responsible for the development of policies, procedures, and forms to assure A through L are met. The nurse is also responsible to assure that staff are trained and supervised related to A through L.

- A. Provides for a health screening of each resident within 72 hours of admission.
- B. Provides a system for on-going monitoring and addressing the health needs of residents.
- C. Addresses any special needs of the resident population served by the program.
- D. Addresses the needs of residents with co-occurring disorders.
- E. Guidelines regarding when to inform the registered nurse of residents' health concerns and in what circumstances and how to attain medical care for residents.
- F. Referrals to and coordination with community psychiatric and medical services occur in a timely manner.
- G. Medical and health documentation is accurate, thorough, and maintained appropriately. The documentation must include recording significant medical or health related information, including but not limited to results of assessments for medication compliance and results of assessments of medication side effects.
- H. Ongoing consultation and advice concerning the health and medical care of residents is provided to staff.
- I. Routinely assessing and documenting residents for medication side effects and drug interactions.
- J. Ensuring medication management treatment and goal(s) are reflected on the treatment plan.
- K. Medications are administered safely and accurately. This must include establishing methods for the following:
  - (1) When and how staff are to inform the registered nurse or physician of problems or issues with residents' medication administration by staff or observation of self-administration of medications, including the failure to administer, refusal of medication, adverse reactions to medications and errors in administering medications.
  - (2) Access to information on any risks or other side effects that are reasonable to expect, and any contraindications to its use. This information must be readily available to all staff administering the medication.
  - (3) Procedures for acceptance, documentation, and implementation of prescriptions, whether written, verbal, telephonic, or electronic. A provision that delegations of administration of medication are limited to administration of those medications which are oral, suppository, eye drops, ear drops, inhalant, or topical.

- 495 (4) A provision that clients may carry emergency medication such as Epi-pen as instructed by  
496 their physician.
- 497 (5) A provision for medication to be self-administered when a client is scheduled not to be at the  
498 facility or the parent may only administer medication to the child while not at the facility.
- 499 (6) Requirements for recording the client's use of medication, including staff signatures with  
500 date and time.
- 501 (7) Training of staff who are responsible for administering medications, including direct  
502 observation of staff who are being trained to administer medications to evaluate their  
503 competency before independently administering medications.
- 504 (8) A license holder must document that the requirements in (a) or (b) are met if medication is  
505 administered by a staff member, other than a licensed practitioner or nurse, who is delegated by a  
506 licensed practitioner or a registered nurse to administer a medication:
- 507 i. That the staff member has successfully completed a medication administration training  
508 program for unlicensed personnel through an accredited Minnesota postsecondary  
509 educational institution with completion of the course documented in writing and placed in  
510 the staff member's personnel file; or
- 511 ii. That the staff member was trained according to a formalized training program which is  
512 taught by a registered nurse and offered by the license holder with completion of the  
513 course documented in writing and placed in the staff member's personnel records.
- 514
- 515 L. Effective and prompt response by staff to medical emergencies, including those related to  
516 intoxication and withdrawal.
- 517

518 Subpart 3. **Medication Reconciliation:** The license holder must conduct medication reconciliation on  
519 admission, transfer to another unit and at discharge. The license holder will develop clear policies and  
520 procedures for each step in the reconciliation process. The process must comprise the following five  
521 steps:

- 522 (1) develop a list of current medications that includes dose and frequency along with other drug  
523 interactions, allergies from the residents last residence or hospitalization;
- 524 (2) compare prescriptions or admission orders to current medication list, identifying  
525 discrepancies, and reconciling differences;
- 526 (3) notify prescriber of discrepancies so the prescriber can make clinical decisions based on the  
527 comparison;
- 528 (4) obtain new orders if required; and
- 529 (5) communicate and document the current medications on the medication administration record  
530 and with the resident and resident's legal representative.
- 531

532 Subpart 4. **Medication Administration:** The license holder must complete the following items:

533

- 534 A. The license holder must obtain written or verbal authorization from the resident or the resident's  
535 legal representative to administer medication. This authorization shall remain in effect unless it is  
536 withdrawn in writing and may be withdrawn at any time. If the resident or the resident's legal  
537 representative refuses to authorize the license holder to administer medication, the medication  
538 must not be administered. The refusal to authorize medication administration must be reported  
539 to the prescriber as expeditiously as possible. After reporting the refusal to the prescriber, the  
540 license holder must follow any directives or orders given by the prescriber. A refusal may not be

541 overridden without a court order. Refusal to authorize administration of a specific psychotropic  
542 medication is not grounds for sole service termination and does not constitute an emergency.

543

544 B. The license holder must ensure the following information is documented in the resident's  
545 medication administration record or resident file:

546 (1) The information on the current prescription label or the prescriber's current written or  
547 electronically recorded order or prescription that includes the resident's name, description of the  
548 medication to be provided, and the frequency and other information needed to safely and  
549 correctly administer the medication or treatment to ensure effectiveness;

550 (2) Notation of any occurrence of a dose of medication not being administered as prescribed,  
551 whether by error by the staff or the resident or by refusal by the resident, or of adverse reactions,  
552 and when and to whom the report was made; and

553 (3) Notation of when a medication is started, administered, changed, or discontinued.

554

555 C. The license holder must keep records for a resident who receives prescription drugs at the facility  
556 and note: the quantity initially received from the pharmacy, amount of medication given, dosage,  
557 and time when the medication was taken. The license holder must document a resident's refusal  
558 to take prescription medication.

559

560 D. Prescription medicine belonging to a resident must be given to the resident's parent or legal  
561 guardian or a resident who is 18 years of age or older upon the resident's release or must be  
562 disposed of according to a pharmacy-approved plan when medications have been determined by  
563 the physician to be harmful to release medications. The license holder must note the disposition  
564 of the resident's medicine in the resident's file.

565

566 E. Standing orders must be individualized to the resident and shall specify the circumstances under  
567 which the drug is to be administered, the drug, dosage, route, frequency of administration, and  
568 duration.

569

570 Subpart 5. **Control of drugs.** A license holder must have in place and implement written policies and  
571 procedures developed by a registered nurse that contains the following provisions:

572 (1) A requirement that all drugs must be stored in a locked compartment. Schedule II drugs, as  
573 defined by Minnesota Statutes, section 152.02, must be stored in a separately locked  
574 compartment, permanently affixed to the physical plant or medication cart;

575 (2) A system which accounts for all scheduled drugs each shift;

576 (3) A procedure for recording the client's use of medication, including the signature of the  
577 administrator of the medication with the time and date;

578 (4) A procedure for destruction of discontinued, outdated, or deteriorated medications;

579 (5) A statement that only authorized personnel are permitted to have access to the keys to the  
580 locked drug compartments; and

581 (6) A statement that no legend drug supply for one client will be given to another client.

582

583 Subpart 6. **Conditions for use of psychotropic medications.** When psychotropic medications are  
584 administered to a resident in a PRTF, the license holder is responsible for ensuring that the conditions in  
585 items A to C are met.

586

**Variance to Minnesota Rules, Chapter 2960 for Children's Psychiatric Residential Treatment Facilities (PRTF)**

Revised 8/28/2023

- 587 A. Psychotropic medication must not be administered as punishment, for staff convenience, as a  
588 substitute for a behavioral or therapeutic program, or in quantities that interfere with learning or  
589 other goals of the individual treatment plan.  
590
- 591 B. When psychotropic medications are administered to a resident in a PRTF, the prescribing  
592 practitioner must document the following:  
593 (1) A description in observable and measurable terms of the symptoms and behaviors that the  
594 psychotropic medication is to alleviate; and  
595 (2) Data collection methods the license holder must use to monitor and measure changes in  
596 symptoms and behaviors that are to be alleviated by the psychotropic medication.  
597
- 598 C. Ongoing the prescribing practitioner must conduct and document a psychotropic medication  
599 review at least weekly for the first month and every month thereafter. The LH must consider and  
600 document subitems (1) to (3) in the resident file.  
601 (1) Targeted symptoms and behaviors of concern;  
602 (2) Data collected since the last review; and  
603 (3) Side effects observed and actions taken.  
604

605 Subpart 7. **Informed Consent.** The license holder must obtain informed consent before any  
606 nonemergency administration of psychotropic medication. To the extent possible, the resident must be  
607 informed and involved in the decision making.  
608

- 609 A. Informed consent is required either orally or in writing before the nonemergency administration  
610 of psychotropic medication, except that for antipsychotic or neuroleptic medication, informed  
611 consent must be in writing. If oral informed consent is obtained for a non-antipsychotic  
612 medication, subitems (1) to (4) must be followed and documented:  
613 (1) An explanation why written informed consent could not be initially obtained;  
614 (2) Documentation that the oral consent was witnessed and the name of the witness;  
615 (3) Oral and written communication of all items required in part R2960V.08, subpart 8; and  
616 (4) An explanation that written informed consent material is immediately being sent by the  
617 license holder to the resident's parent or legal representative, that the oral consent expires in one  
618 month, and that the medication must be discontinued one month from the date of the telephone  
619 consent if written consent is not received.  
620
- 621 B. Informed consent for any psychotropic medication must be renewed in writing at least yearly.  
622
- 623 C. Informed consent must be obtained from an individual authorized to give consent. An individual  
624 authorized to give consent is specified in subitems (1) to (4).  
625 (1) If applicable, minors age 16 or older see Minnesota Statute 253B.04.  
626 (2) If the resident has a legal representative or conservator authorized by a court to give consent  
627 for the resident, consent is required from the legal representative or conservator.  
628 (3) If subitem (1) does not apply, consent is required from at least one of the resident's parents.  
629 If the parents are divorced or legally separated, the consent of a parent with legal custody is  
630 required, unless the separation or marriage dissolution decree otherwise delegates' authority to  
631 give consent for the resident.

632 (4) If the commissioner of human services is the resident's legal representative, consent is  
633 required from the county representative designated to act as legal representative on behalf of the  
634 commissioner of human services.

635  
636 D. Informed consent is not necessary in an emergency situation where the physician determines that  
637 the psychotropic medication is needed to prevent serious and immediate physical harm to the  
638 individual or others. In the event of the emergency use of psychotropic medication, the license  
639 holder must:

640 (1) Inform and document that the individual authorized to give consent was informed orally and  
641 in writing within 24 hours or on the first working day after the emergency use of the medication;

642 (2) Document the specific behaviors constituting the emergency, the circumstances of the  
643 emergency behaviors, the alternatives considered and attempted, and the results of the use of the  
644 emergency psychotropic medication; and

645 (3) Arrange for an interdisciplinary team review of the individual treatment plan within seven  
646 days of the emergency to determine what actions, if any, are required in light of the emergency.  
647 If a psychotropic medication continues to be required, the license holder must seek a court order  
648 according to Minnesota Statutes, section 253B.092, subdivision 3.

649  
650 E. Informed consent must be obtained by the license holder within 30 days to continue the use of  
651 psychotropic medication for a resident admitted with prescribed psychotropic medication.

652  
653 Subpart. 8. **Information communicated in obtaining consent.** The information in this subpart must  
654 be provided both orally and in writing in nontechnical language to the resident's parent, the resident's  
655 legal representative, and, to the extent possible, the resident. The information must include:

656  
657 (1) the diagnosis and behaviors for which the psychotropic medication is prescribed;

658 (2) the expected benefits of the medication;

659 (3) the pharmacological and nonpharmacological treatment options available and the course of  
660 the condition with and without the treatment options;

661 (4) specific information about the psychotropic medication to be used, including the generic and  
662 commonly known brand name, the route of administration, the estimated duration of therapy, and  
663 the proposed dose with the possible dosage range or maximum dose;

664 (5) the more frequent and less frequent or rare but serious risks and side effects of the  
665 psychotropic medication, including how the risks and possible side effects must be managed;

666 (6) an explanation that consent may be refused or withdrawn at any time and that the consent is  
667 time-limited and automatically expires within 30 days for oral consent and yearly for written  
668 consent;

669 (7) the names, addresses, and telephone numbers of appropriate professionals to contact if  
670 questions or concerns arise; and

671 (8) signature of resident and legal representative acknowledging the following:

672 i. prescribing practitioner or designee has talked about the medication with resident and/or  
673 the resident's legal representative and answered questions; and

674 ii. the resident and resident's legal representative has agreed to the medication and dosage;  
675 and  
676

- 677 Subpart 9. **Refusal of routine administration of psychotropic medication.** If the authorized person  
678 refuses consent for a routine administration of psychotropic medication, the conditions in items A to C  
679 apply.  
680
- 681 A. The psychotropic medication must not be administered or, if the refusal involves a renewal of  
682 consent, the psychotropic medication for which consent had previously been given must be  
683 discontinued according to a written plan as expediently as possible, taking into account  
684 withdrawal side effects.  
685
- 686 B. A court order must be obtained to override the refusal.  
687
- 688 C. Refusal to consent to use of a specific psychotropic medication is not grounds for discharge of a  
689 resident. A decision to discharge a resident must be reached only after the alternatives to the  
690 specific psychotropic medication have been attempted and only after an administrative review of  
691 the proposed discharge has occurred. If the refusal to consent to the routine administration of a  
692 psychotropic medication results in an emergency situation, then the requirements of subpart 8,  
693 item D, must be met when psychotropic medication will be administered to a resident.  
694

695 Subpart 10. **Monitoring side effects.** The license holder must monitor for side effects if a resident is  
696 prescribed a psychotropic medication. The license holder, under the direction of a prescribing  
697 psychiatric practitioner, must document and monitor for side effects within 24 hours of admission.  
698 Based on the results and the medications prescribed the nurse will determine and document frequency of  
699 side effect monitoring within the resident file. The license holder must monitor for side effects when a  
700 new psychotropic medication is ordered for a resident or when a psychotropic medication has been  
701 discontinued as determined by the prescribing psychiatric practitioner. In addition to appropriate  
702 physical or laboratory assessments as determined by the medically licensed person, standardized  
703 checklists or rating scales, or scales developed for a specific drug or drug class, must be used as  
704 monitoring tools. The license holder must provide the assessments to the prescribing psychiatric  
705 practitioner for review.  
706

707 **R2960V. 09 EDUCATION.**  
708

- 709 Subpart 1. **Educational services.** The license holder must ensure that educational services are provided  
710 to residents according to items A to E, except where not applicable; due to the age of the resident or the  
711 resident's short stay in the facility.  
712
- 713 A. The license holder must facilitate the resident's admission to an accredited public school or, if the  
714 resident is home-schooled or educated at a private school or school operated by the license  
715 holder, the school must meet applicable laws and rules. If the educational services are provided  
716 on the grounds of the facility, the license holder must:  
717 (1) arrange for educational programs that provide for instruction on a year-round basis, if  
718 required by law;  
719 (2) get the approval of the education services from the Department of Education; and  
720 (3) cooperate with the school district.  
721
- 722 B. The license holder must facilitate the resident's school attendance and homework activities.

768

- C. The license holder must inquire at least every 90 days to determine whether the resident is receiving the education required by law and the resident's individual education plan that is necessary for the resident to make progress in the appropriate grade level. The license holder must report the resident's educational problems to the case manager or placing agency.
- D. Prior to discharge, the PRTF education provider shall submit necessary information to the community education provider to ensure continuity of education services

**R2960V. 10 PROGRAM RULES.**

The license holder must communicate verbally and in writing to a resident who is capable of understanding the program rules and the details for the due process system used in the facility. The rules must address the following topics:

- (1) Which behaviors are considered acceptable and unacceptable and the reasons why;
- (2) The consequences that will be applied utilizing positive support strategies and evidence based practices; and
- (3) The circumstances, if any, that will result in time-out or the use of restraints or seclusion.

**R2960V. 11 SECLUSION AND RESTRAINT.**

Subpart 1. **Standards for the Use of Restraint or Seclusion.** The license holder must have written policies that staff must follow when responding to a resident who exhibits behavior that presents an imminent risk of harm to self or others and when less restrictive interventions have been ineffective to prevent the resident or others from harm. The license holder must meet the following:

- (1) Consideration of individual dignity and privacy will be of highest priority;
- (2) Staff may initiate the use of restraint and seclusion only when necessary to protect the individual or others from imminent risk of harm;
- (3) Before staff uses restraint or seclusion with an individual, staff must complete the training required regarding the use of restraint and seclusion at the facility, to include the different restraint holds and must successfully demonstrate the techniques;
- (4) The license holder must meet all requirements in section 245A.211, which prohibits the use of prone and contraindicated restraints and require an assessment for medical and psychological contraindications; and
- (5) At the initiation of the restraint or seclusion the individual will be made aware of the reason for the restraint or seclusion and the release criteria to discontinue the intervention.

Subpart 2. **Documentation.** The license holder must document all uses of restraint or seclusion and must include the following:

- (1) Prior events that may have been a contributing factor to the incident;
- (2) What supportive and less restrictive interventions were attempted and why these interventions failed or were found to be inappropriate; and
- (3) The types of interventions utilized including the type of physical holding used.

783  
784  
785  
786  
787  
788

Subpart 3: **Debriefing.** The license holder must conduct a debriefing within 24 hours on all uses of restraint or seclusion and must comply with item A through D.

- A. Staff must document in the resident's record that both debriefing sessions took place and must include in that documentation the names of staff who were present for the debriefing, the names of staff who were excused from the debriefing, and any changes to the resident's treatment plan or additional staff training that result from the debriefings.
- B. The license holder will provide the resident with the opportunity to have a legal representative or advocate participate in the debriefing. License holder must document the resident's response and rationale if license holder is not able to accommodate participation upon resident's request.
- C. Precipitating factors and alternative techniques that might have prevented the use of restraints and/or seclusion must be incorporated into the individual's support plan to prevent future use.
- D. Staff involved in an emergency safety intervention that results in an injury to a resident or staff must meet with supervisory staff and evaluate the circumstances that caused the injury and develop a plan to prevent future injuries.

789  
790  
791  
792  
793  
794

Subpart 4. **Administrative review.** The license holder must complete an administrative review of the use of a restrictive procedure within three working days after the use of the restrictive procedure. The administrative review must be conducted by someone other than the person who decided to impose the restrictive procedure, or that person's immediate supervisor. The resident or the resident's representative must have an opportunity to present evidence and argument to the reviewer about why the procedure was unwarranted.

795  
796  
797  
798  
799  
800  
801

The record of the administrative review of the use of a restrictive procedure must state whether:

- (1) the required documentation was recorded;
- (2) the restrictive procedure was used in accordance with the treatment plan;
- (3) the rule standards governing the use of restrictive procedures were met; and
- (4) the staff who implemented the restrictive procedure were properly trained.

812  
813

Subpart 5. **Review of patterns of use of restraint and seclusion procedures.** At least quarterly, the license holder must review the patterns of the use of restraint and seclusion procedures. The review must be done by the license holder or the facility's advisory committee. The review must consider:

- (1) any patterns or problems indicated by similarities in the time of day, day of the week, duration of the use of a procedure, individuals involved, or other factors associated with the use of restraint and seclusion procedures;
- (2) any injuries resulting from the use of restraint and seclusion procedures;
- (3) actions needed to correct deficiencies in the program's implementation of restraint and seclusion procedures;
- (4) an assessment of opportunities missed to avoid the use of restraint and seclusion procedures; and
- (5) proposed actions to be taken to minimize the use of restraint and seclusion.

**R2960V. 12 REPORTING OF MALTREATMENT AND SERIOUS OCCURRENCES.**

**Maltreatment reports.** The license holder must report serious occurrences and the maltreatment of a resident according to items A to D.,

- A. The license holder must report serious occurrences to the Minnesota Department of Health. The license holder must maintain records of all serious occurrences.
- B. The license holder must meet the maltreatment reporting requirements of Minnesota Statutes, chapter 260E and section 626.557, as applicable based on the age of the resident.
  - (1) Reports of suspected maltreatment of a minor in a PRTF must be made to the Minnesota Department of Health, Office of Health Facility Complaints.
  - (2) Reports of suspected maltreatment of an adult must be made to the Minnesota Adult Abuse Reporting Center (MAARC).
- C. The license holder must develop policies and procedures to follow if maltreatment is suspected.
- D. The license holder must review policies and procedures about maltreatment at least annually and revise the policies if the maltreatment laws change or if the license holder's review of incident reports or quality assurance reports indicates that a change in maltreatment policy or procedure is warranted.
- E. The license holder must develop policies and procedures to comply with internal reviews required by Minnesota Statutes, sections 245A.65, subdivision 1 and 245A.66, subdivision 1.

**R2960V. 13 CLINICAL SUPERVISION.**

The license holder must assure that staff on all shifts exchange information necessary to carry out the resident plan of care, and respond to the residents’ goals, and inform updates and revisions to the resident plan of care and individual abuse prevention plan if required.

- A. The clinical supervisor must hold at least one clinical supervision meeting per calendar week and be physically present at the meeting. All treatment team members are expected to participate in a minimum of one team meeting during every calendar week they work. This includes part-time staff and staff who work on an intermittent basis. The license holder must maintain documentation of the weekly meetings, including the names of staff who attended.
- B. Staff who do not participate in the weekly meeting must participate in an ancillary meeting during each week in which they work. During the ancillary meeting the information that was shared at the most recent weekly team meeting must be verbally reviewed, including revisions to the residents’ plan of care and other information that was exchanged. The ancillary meeting may be conducted by the clinical supervisor or a mental health practitioner that participated in the weekly meeting. The license holder must maintain documentation of the ancillary meetings, including the names of staff who attended.

**R2960V. 14 STAFF RATIOS.**

859 Subpart 1. **Sufficient staff.** The license holder must provide enough appropriately trained staff to  
860 ensure that a resident will have the treatment needs identified in the resident's individual plan of care  
861 met during the resident's stay in the facility.

862  
863 Subpart 2. **Awake hours.** During normal waking hours, when residents are present, a license holder  
864 must have a ratio of at least one staff person to three residents within the living unit.

865  
866 Subpart 3. **Sleeping hours.** During normal sleeping hours, a license holder must provide at least one  
867 staff person for every six residents present within the living unit, with the ability to access other staff  
868 within the facility as needed. Staff persons must be awake. A provider must adjust sleeping-hour staffing  
869 levels based on the clinical needs of the residents in the facility.

870  
871 Subpart 4. **Access to a licensed mental health professional.** The license holder must have the capacity  
872 to promptly and appropriately respond to emergent needs of the residents and make any necessary  
873 staffing adjustments to assure the health and safety of residents. Within 30 minutes, treatment staff must  
874 have access in person or by telephone to a licensed mental health professional. The license holder must  
875 maintain a schedule of the licensed mental health professionals who will be available and a means to  
876 reach them. The schedule must be current and readily available to staff.

877  
878 **R2960V. 15 STAFF MANAGEMENT.**

879  
880 Subpart 1. **Job descriptions.** The license holder shall have job descriptions for each position specifying  
881 the staff person's responsibilities, degree of authority to execute job responsibilities, standards of job  
882 performance, required qualifications, and to what extent the person may act independently.

883  
884 Subpart. 2. **Job evaluation.** The license holder shall have a process to conduct work performance  
885 evaluations of all staff on a regular basis that includes a written annual review. The program must  
886 maintain documentation of these reviews.

887  
888 Subpart 3. **Conditions of employment.** The license holder shall establish conditions of employment  
889 including those that constitute grounds for dismissal and suspension.

890  
891 Subpart 4. **Good faith communication.** The license holder must not adversely affect a staff member's  
892 retention, promotion, job assignment, or pay related to good faith communication between a staff  
893 member and the department, the Department of Health, the Ombudsman for Mental Health and  
894 Developmental Disabilities, law enforcement, or local agencies for the investigation of complaints  
895 regarding a resident's rights, health, or safety. For purposes of this requirement, the scope of the  
896 department's jurisdiction is solely related to the policy and procedure requirements provided in this  
897 section and not related to issues concerning labor and management or disputes between staff and the  
898 license holder.

899  
900 Subpart. 5. **Staff files.** The license holder must maintain organized records for each staff member that  
901 at a minimum include:

- 902 (1) an application for employment or a resume;  
903 (2) verification of the staffs' qualifications specific to the position including required credentials  
904 and other training or qualifications necessary to carry out their assigned job duties in accordance

- 905 with the organizational credentialing requirements of the organizations Human Resources policy  
906 and procedure manual;  
907 (3) documentation required under chapter 245C concerning background studies;  
908 (4) the date of hire;  
909 (5) a job description that identifies the date that specific job duties and responsibilities are  
910 effective, including the date the staff has direct contact;  
911 (6) documentation of orientation;  
912 (7) an annual job performance evaluation;  
913 (8) an annual development and training plan; and  
914 (9) records of training and education activities that were completed during employment.  
915

916 Subpart. 6. **Organizational chart.** The license holder shall maintain a current organizational chart that  
917 is available upon request to staff, residents, and the public. The organizational chart must clearly  
918 identify the lines of authority.  
919

- 920 Subpart. 7. **Volunteers.** If the license holder utilizes volunteers, the license holder must:  
921 (1) not permit volunteers to provide treatment services;  
922 (2) not regard volunteers as staff for the purpose of meeting licensing requirements for staffing  
923 or service delivery;  
924 (3) develop job descriptions for volunteers and, when volunteers are approved to have contact,  
925 the scope of that contact must be identified in the job description; and  
926 (4) provide orientation and training for volunteers.  
927

928 Subpart 8. **Student Trainees.** If the license holder utilizes student trainees, the license holder must  
929 provide notification to the resident when student trainees provide treatment services. The treatment  
930 services must be overseen by a mental health practitioner/professional.  
931

932 **R2960V. 16 STAFF TRAINING.**  
933

934 Subpart 1. **Training Plan.** The license holder must develop a plan to assure that staff receive  
935 orientation and ongoing training. For staff that provide direct services, the license holder shall meet the  
936 requirements of subparts 1 to 6. The plan must include the requirements under items A to C.  
937

- 938 A. A formal process to evaluate the training needs of each staff person, such as through an annual  
939 performance evaluation.  
940  
941 B. How the program determines when additional training of a staff is needed and how and under  
942 what time lines the additional training will be provided.  
943  
944 C. A schedule of training opportunities for a 12 month period that is updated at least annually.  
945

946 Subpart 2. **Orientation.** Orientation must be provided as set forth below:  
947

- 948 A. Prior to providing direct contact services, a staff person must receive orientation on:  
949 (1) the maltreatment reporting requirements in Minnesota Statutes, section 245A.65, subdivision  
950 3, and sections 260E.03, 260E.06, and 260E.09;

- 951 (2) resident rights as identified in part R2960V.04 and Minnesota Statutes, section 253B.03;
- 952 (3) emergency procedures appropriate to the position, including but not limited to fires,
- 953 inclement weather, missing persons, and residents' behavioral and medical emergencies;
- 954 (4) resiliency and recovery concepts and principles;
- 955 (5) gender based needs;
- 956 (6) resident confidentiality; and
- 957 (7) training related to the specific activities and job functions that the staff person will be
- 958 responsible to carry out, including documentation of the delivery of services.

- 959
- 960 B. Orientation to the following topics must be provided within 30 calendar days of a staff person
- 961 first providing direct services:
- 962 (1) facility policies and procedures;
  - 963 (2) the treatment needs of residents, including psychiatric disorders and co- occurring disorders;
  - 964 and
  - 965 (3) best practice service delivery including:
  - 966 (i) trauma informed care;
  - 967 (ii) developmentally appropriate care;
  - 968 (iii) the characteristics, and treatment of residents with special needs such as substance abuse,
  - 969 obsessive compulsive disorder, and eating disorders; and
  - 970 (iv) co-occurring disorders as defined by the population being served.

971

972 **Subpart 3. Annual training.** Each staff person must complete training on the following topics

973 annually.

- 974 (1) vulnerable adult and child maltreatment requirements in Minnesota Statutes, sections
- 975 245A.65, subdivision 3 and part R2960V.12
- 976 (2) resident rights as identified in part R2960V.04;
- 977 (3) emergency procedures appropriate for the position, including but not limited to fires,
- 978 inclement weather, missing persons, and residents' behavioral and medical emergencies;
- 979 (4) treatment services for residents with co-occurring disorders;
- 980 (5) additional training subjects. Staff who are not licensed mental health professionals or licensed
- 981 independent practitioners must be provided additional annual training. The additional annual
- 982 training must include a minimum of four of the following subjects.
- 983 (i) resiliency and Recovery concepts and principles;
- 984 (ii) documentation requirements related to resident services;
- 985 (iii) psychiatric and substance use emergencies including prevention, crisis assessment and de-
- 986 escalation techniques, and non-physical intervention techniques to address violent behavior;
- 987 (iv) psychotropic medications and their side effects;
- 988 (v) assessment and plan of care;
- 989 (vi) evidence based treatment of eating disorders, including family based therapy, cognitive
- 990 behavioral therapy, and dialectical behavioral therapy;
- 991 (vii) The characteristics and treatment of residents with special needs, such as substance abuse,
- 992 obsessive compulsive disorder, eating disorders, and physical health issues, including weight
- 993 management, diabetes, smoking;
- 994 (viii) topics related to crisis intervention and stabilization of persons with serious mental illness;
- 995 (ix) prevention and control of infectious diseases, including human immunodeficiency virus
- 996 (HIV) infection;

- 997 (x) first aid and cardiopulmonary resuscitation (CPR) training;
- 998 (xi) healthy lifestyles, such as exercise nutrition, stress management, therapeutic recreation; or
- 999 (xii) motivational interviewing.

1000

1001 Subpart 4. **Additional training hours.** Staff who are not licensed mental health professionals or  
1002 licensed independent practitioners must receive additional hours of annual training based on their level  
1003 of experience. The additional training must meet the following requirements.

- 1004 (1) staff with less than 4000 hours of experience in the delivery of services to persons with  
1005 mental illness must receive at least 24 hours of training annually; and,
- 1006 (2) staff with more than 4000 hours of experience in the delivery of services to persons with  
1007 mental illness must receive 16 hours of training annually.

1008

1009 Subpart. 5. **Orientation and training for staff members not providing treatment services.** For staff  
1010 that do not provide direct contact services, but who have contact with residents, the license holder shall  
1011 meet the requirements of this subpart. The license holder shall also provide the necessary staff  
1012 development and offer on-going training opportunities for staff who do not provide treatment services.

1013

- 1014 A. The license holder shall have a plan for orienting new staff. The plan shall include the topics to  
1015 be covered, who conducts the orientation, and the time frame for which it is to be completed.  
1016 The topics must include:
  - 1017 (1) training related to the specific activities and job functions that the staff will be responsible to  
1018 carry out;
  - 1019 (2) orientation to maltreatment of vulnerable adult reporting as required in Minnesota Statutes,  
1020 sections Minnesota Statutes 245A.65, subdivision 3, and 626.557; and the maltreatment of minor  
1021 reporting requirements and definitions in Minnesota Statutes chapter 260E, must be provided  
1022 within 72 hours of a staff hire.
  - 1023 (3) resident rights as identified in part R2960V.04 and 253B.03;
  - 1024 (4) emergency procedures appropriate for the position, including but not limited to fires,  
1025 inclement weather, missing persons, and residents’ behavioral and medical emergencies.

1026

- 1027 B. Each staff person must complete training on the following topics annually:
  - 1028 (1) vulnerable adult and child maltreatment reporting requirements in Minnesota Statutes,  
1029 sections 245A.65, 626.557; 626.5572, 245A.66, 260E.03, 260E.06, and 260E.09;
  - 1030 (2) resident rights as identified in part R2960V.04 and 253B.03; and,
  - 1031 (3) emergency procedures appropriate for the position, including but not limited to fires,  
1032 inclement weather, missing persons, and residents’ behavioral and medical emergencies.

1033

1034 Subpart. 6. **Documentation of orientation and training.** The license holder must document that  
1035 orientation and training was provided. All training programs and materials used by the facility must be  
1036 available to for review by regulatory agencies. The documentation must include the:

- 1037 (1) dates of training;
- 1038 (2) subjects covered;
- 1039 (3) amount of time the training was provided;
- 1040 (4) names and credentials of the people who certified the completion of the training;
- 1041 (5) documentation of the employee competency evaluation, specifically medication  
1042 administration and restraint/seclusion; and

1043 (6) names of the staff and volunteers who attended.

1044  
1045 **R2960V. 17 QUALITY ASSURANCE AND IMPROVEMENT.**

1046  
1047 Subpart 1. **Quality Assurance plan.** License holder must develop a written quality assurance and  
1048 improvement plan that at a minimum includes the requirements of subitems (1) to (4). The plan must  
1049 also include processes to review the data or information related to each of the requirements every three  
1050 months. The quality assurance plan must include a process for:

- 1051  
1052 (1) Measuring resident outcomes including evaluating the outcome data to identify ways to  
1053 improve the effectiveness of the services provided to residents and improve resident outcomes;  
1054 and, attaining and evaluating feedback from residents, family members, staff and referring  
1055 agencies concerning the services provided.  
1056 (2) reviewing restraint and seclusion data according to part R2960V.10, subpart 7.  
1057 (3) Reviewing serious occurrences and other significant incidents, including:  
1058 (i) determining whether policies and procedures were followed;  
1059 (ii) evaluating the staff’s response to the serious occurrence and other significant incidents;  
1060 (iii) assessing what could have prevented the serious occurrence and other significant incidents  
1061 from occurring; and,  
1062 (iv) modifying policies, procedures, training plans, or residents’ ITPs in response to the findings  
1063 of the review.  
1064  
1065 (4) Reviewing self-monitoring of compliance, including evaluating compliance with the  
1066 requirements of this variance and demonstrating action to improve the program’s compliance  
1067 with the requirements.

1068  
1069 Subpart 2. **Evaluating and updating the quality plan.** The quality assurance and improvement plan  
1070 shall be reviewed, evaluated, and updated at least annually, by license holder. The review shall include  
1071 documentation of the actions the license holder will take as a result of the information obtained from the  
1072 monitoring activities outlined in the plan and establish goals for improved service delivery for the next  
1073 year.

1074  
1075 Subpart 3. **Community involvement.** Each facility must have a board of directors or advisory  
1076 committee that represents the interests, concerns, and needs of the residents and community being  
1077 served by the facility. The board of directors or advisory committee must meet at least annually. The  
1078 license holder must meet at least annually with community leaders representing the area where the  
1079 facility is located to advise the community leaders about the nature of the program, the types of residents  
1080 served, the results of the services the program provided to residents, the number of residents served in  
1081 the past 12 months, and the number of residents likely to be served in the next 12 months.

1082  
1083 **R2960V. 18 POLICIES AND PROCEDURES.**

1084  
1085 Subpart 1. **Program state and description.** The license holder must have a statement of intended use  
1086 for the facility, a description of the services to be offered, the program's service philosophy, the target  
1087 population to be served, and program outcomes.

1089 Subpart. 2. **Policy and procedures manual.** All license holders must develop and maintain a written  
1090 manual of policies and procedures, plans and other documents required by this variance and that comply  
1091 with Minnesota Statute, section 245A.04, subdivision 14. The license holder must at a minimum have  
1092 policies and procedures or plans as identified in this subpart. All policies, procedures and plans must be  
1093 consistent with the requirements of this variance and provide sufficient direction for staff and the license  
1094 holder to effectively carry out the policy, procedure, or plan. The policies and procedures and plans  
1095 must include but are not limited to:

- 1096 (1) policies and procedures related to reporting maltreatment of adults in accordance with  
1097 Minnesota Statute 245A.65 and 626.557;
- 1098 (2) policies and procedures related to reporting maltreatment of minors in accordance with  
1099 Minnesota Statutes, section 245A.66 and chapter 260E;
- 1100 (3) resident right requirements in accordance with part R2960V.04 and 253B.03;
- 1101 (4) admission, continuing stay, and discharge requirements in accordance with part R2960V.05;
- 1102 (5) individual plan of care requirements in accordance with part R2960V.07, subpart 1;
- 1103 (6) discharge planning and no eject policy in accordance with part R2960V.07 subpart 3 and 4;
- 1104 (7) health care services requirements in accordance with part R2960V.08 subpart 2 through 10;
- 1105 (8) program rule in accordance with part R2960V.10;
- 1106 (9) restraint and seclusion procedures in accordance with part R2960V. 11;
- 1107 (10) clinical supervision in accordance with part R2960V. 13;
- 1108 (11) orientation and training plan in accordance with part R2960V. 16;
- 1109 (12) quality assurance and improvement requirements identified in part R2960V. 17; and
- 1110 (13) documentation requirements in accordance with part R2960V. 19.

1111  
1112 **R2960V.19 RESIDENT FILE DOCUMENTATION AND DATA PRIVACY.**

1113  
1114 Subpart 1. **Data privacy.** The license holder must comply with all Minnesota Government Data  
1115 Practices Act, Minnesota Health Care Provider requirements, and the Health Insurance Portability and  
1116 Accountability Act (HIPAA). In addition, the license holder must also comply with section 144.294,  
1117 subdivision 3 concerning release of mental health records. The license holder’s use of electronic record  
1118 keeping or electronic signatures does not alter the license holder's obligations to comply with applicable  
1119 state and federal law, and regulation.

1120  
1121 Subpart 2. **Documentation standards.** Documentation in the resident’s file must:

- 1122 (1) be accurate and typed or legible if hand written;
- 1123 (2) identify the resident on each page;
- 1124 (3) identify the date of service;
- 1125 (4) be signed and dated by the staff person completing the documentation, including the  
1126 person’s title; and
- 1127 (5) be co-signed and dated by the mental health professional as required in this variance.

1128  
1129 Subpart 3. **Daily documentation.** Each day the resident is present in the program (i.e., within a 24 hour  
1130 period during a calendar day), the license holder must provide a summary in the resident’s individual  
1131 file that includes observations about the resident’s behavior and symptoms, including any serious  
1132 occurrences for which the resident was involved.

1134 Subpart 4. **Other documentation.** The license holder must document in the resident’s individual file  
1135 any information pertinent to providing services to the resident, if it is not otherwise documented as part  
1136 of the ITP interventions. This includes but is not limited to:  
1137 (1) case coordination activities;  
1138 (2) medical and other appointments;  
1139 (3) serious occurrences; and  
1140 (4) Issues related to medications that are not otherwise documented in the resident’s file.  
1141

1142 **R2960V. 20 PHYSICAL PLANT AND CODE STANDARDS.**  
1143

1144 Subpart 1. **Housing requirements.** The facility must be licensed with the Minnesota Department of  
1145 Health as a Supervised Living Facility, Class A or B or with either the Minnesota Department of Health  
1146 or a locally delegated public health agency as a food, beverage, and lodging establishment.  
1147

1148 Subpart 2. **Physical environment and equipment.** A facility must meet the requirements in items A to  
1149 H.  
1150

- 1151 A. Buildings, structures, or enclosures used by the facility, including walls, floors, ceilings,  
1152 registers, fixtures, equipment, and furnishings, must be kept in good repair.  
1153
- 1154 B. Written policies and procedures must specify the facility's fire prevention protocols, including  
1155 fire drills, and practices to ensure the safety of staff, residents, and visitors. The policies must  
1156 include provisions for adequate fire protection service, inspection by local or state fire officials,  
1157 and placement of fire hoses or extinguishers at appropriate locations throughout the facility.  
1158
- 1159 C. The license holder must have a written maintenance plan that includes policies and procedures  
1160 for detecting, reporting, and correcting building and equipment deterioration, safety hazards, and  
1161 unsanitary conditions.  
1162
- 1163 D. The license holder must have a written smoking policy for the facility that applies to staff and  
1164 residents that complies with Minnesota Statutes, sections 144.411 to 144.417, and Public Law  
1165 103-227, title X, section 1043.  
1166
- 1167 E. The license holder must ensure that food services, storage, housekeeping, laundry, and  
1168 maintenance are operated on a consistent, healthy basis.  
1169
- 1170 F. If the license holder provides educational services on site, the classrooms must provide an  
1171 atmosphere that is conducive to learning and meets the resident's special physical, sensory, and  
1172 emotional needs.  
1173
- 1174 G. The license holder must provide adaptive equipment and furnishings to meet the resident's  
1175 special needs.  
1176
- 1177 H. A facility must have first aid kits readily available for use by staff. The kits must be sufficient to  
1178 meet the minor wound care needs of residents and staff.  
1179

1180 Subpart 2. **Comfort, privacy, and dignity.** The physical environment must provide for the comfort,  
1181 privacy, and dignity of residents.

1182  
1183 Subpart. 3. **Code compliance.** A facility must comply with the applicable fire, health, zoning, and  
1184 building codes and meet the physical plant and equipment requirements in items A to F.

- 1185  
1186 A. A resident must have adequate space for clothing and personal possessions, with appropriate  
1187 furnishings to accommodate these items.  
1188  
1189 B. Facility grounds must provide adequate outdoor space for recreational activities.  
1190  
1191 C. There must be one shower or bathtub and sink with hot and cold water and one toilet for every  
1192 eight residents.  
1193  
1194 D. The facility must have sufficient space provided for indoor quiet and group program activities.  
1195  
1196 E. The facility providing educational services on site must meet the physical plant and equipment  
1197 requirements of the Department of Education for the provision of educational services.  
1198  
1199 F. A facility providing intake or admission services must have sufficient space to conduct intake  
1200 functions in a private, confidential manner or provide the opportunity to conduct private  
1201 meetings, including intake activities in a separate space.  
1202

1203 Subpart 4. **Seclusion Room.** The room used for seclusion must be well lighted, well ventilated, clean,  
1204 have an observation window which allows staff to directly monitor an individual in seclusion, fixtures  
1205 that are tamper resistant, with electrical switches located immediately outside the door, and doors that  
1206 open out.
