

Minnesota's Employment Support System for People with Disabilities

- Provide an overview of the different parts of our system that supports people with disabilities in employment
- Identify key parts of that system at the state, community, and individual level that will impact a successful transition if subminimum wages are eliminated
- Identify key “levers for change” at each level for the task force to consider in recommendations

**Work in progress*

System View for Systemic Changes

- To create meaningful change, we need to look at all parts of our system and what is needed from each component to make the change
- This is especially true for larger changes
- Example: Creating or changing a statewide service
 - Consider policy changes
 - Consider expanding access in specific communities
 - Consider capacity building and training
 - Consider increasing individual knowledge of/interest in
 - Consider alignment in values

Components

State Level

- Policy
- Services and Benefits
 - Measures and monitoring

Community Level

- Provider Network
- Case Management Network
- Business Network
 - Supports

Individual Level

- People earning subminimum wages
- Families, guardians, advocates

Values/Culture

Employment First - Informed Choice - Person Centeredness - Equity - Universal Design

- Having shared values across the system makes any change way more effective
 - Employment First
 - Informed Choice
 - Person Centeredness
 - Equity
 - Universal Design

- **Policy**

- Employment First
- Informed Choice
- Rates and Financing

- **Services and Benefits**

- Transition supports (school, Pre-ETS)
- Employment Services (waiver, VRS/SSB...)
- Wrap around supports (day supports, housing)
- Benefits planning, work incentives

- **Measures and monitoring**

- Performance measures
- Accountability/feedback loops

- **Levers for change**

- State/Federal law changes
- State/Federal policy changes
- Outreach/advocacy/engagement
- Interagency coordination (E1MN)

- **Example Barriers**

- Lack of information on SW
- Policy allows for SW
- Low funding rates for employment
- Inadequate monitoring and follow up

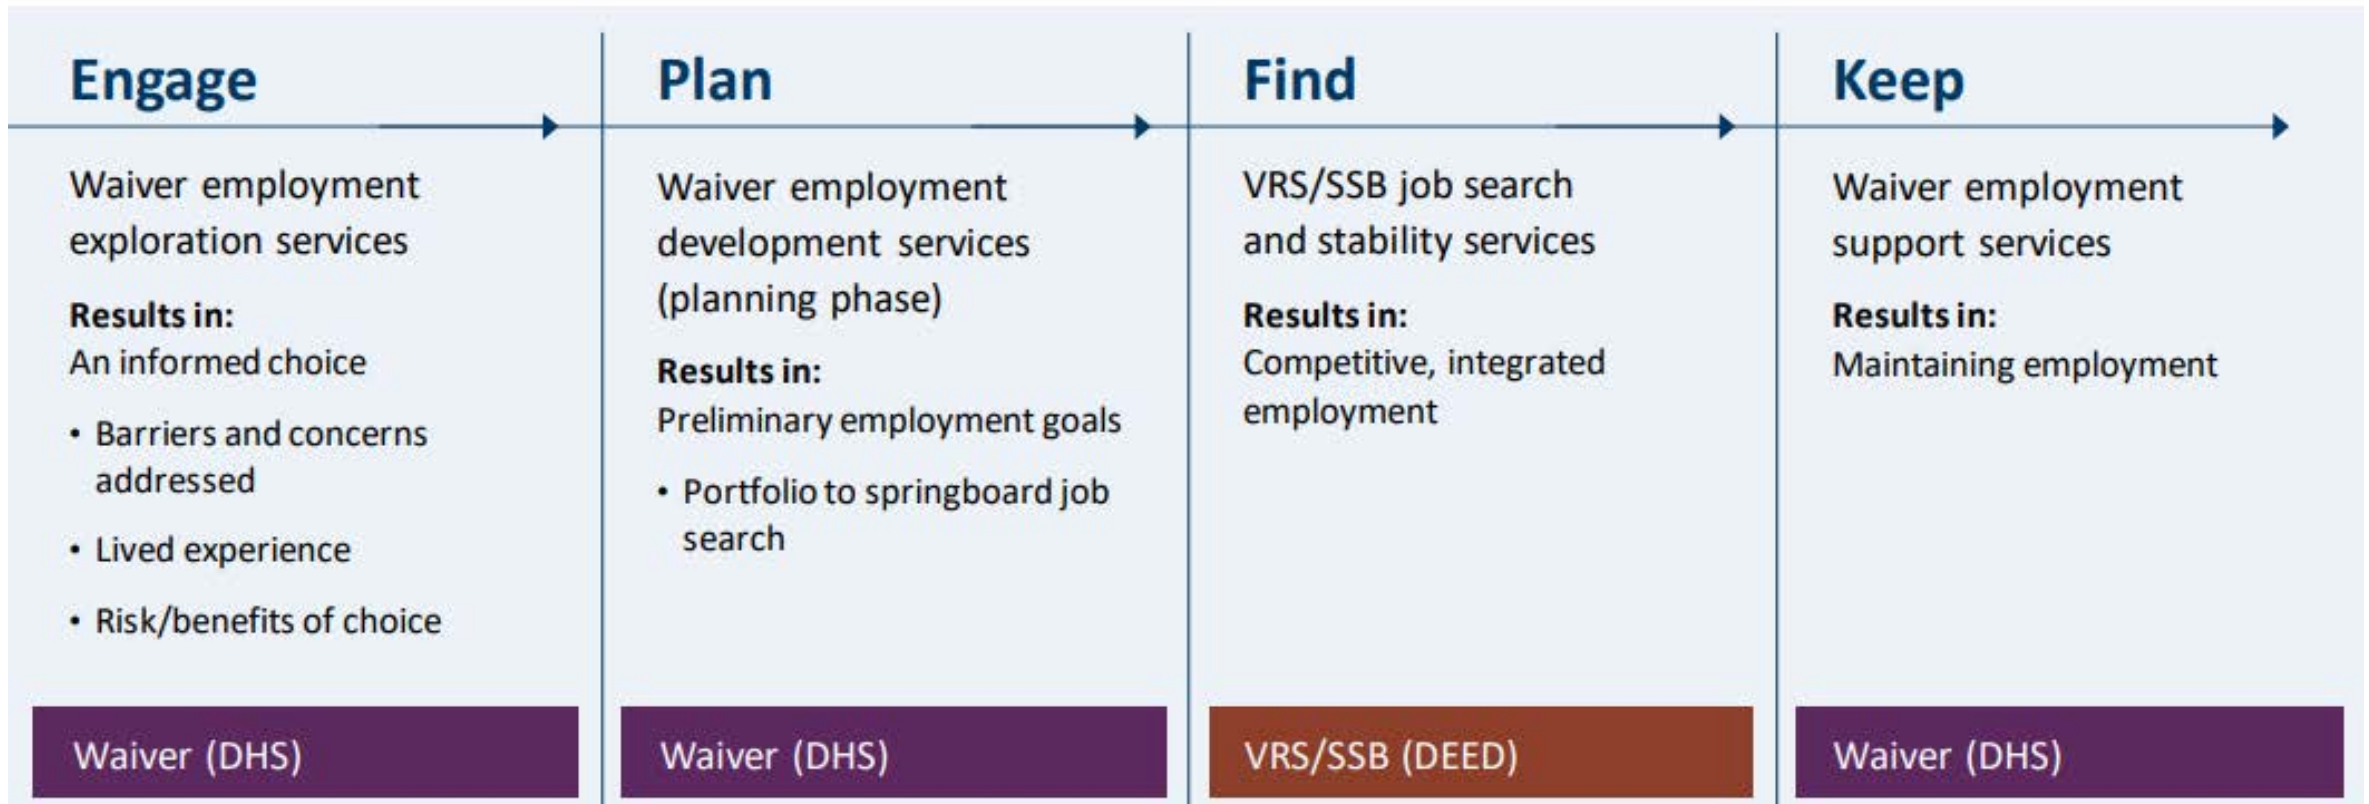

Adult Services

Primary funding source for people on waivers who are not enrolled in high school or age 18-21 transition programming

- Waiver (DHS)
- VRS/SSB (DEED)

ADULT

Student Services

Primary funding source for students on waivers:

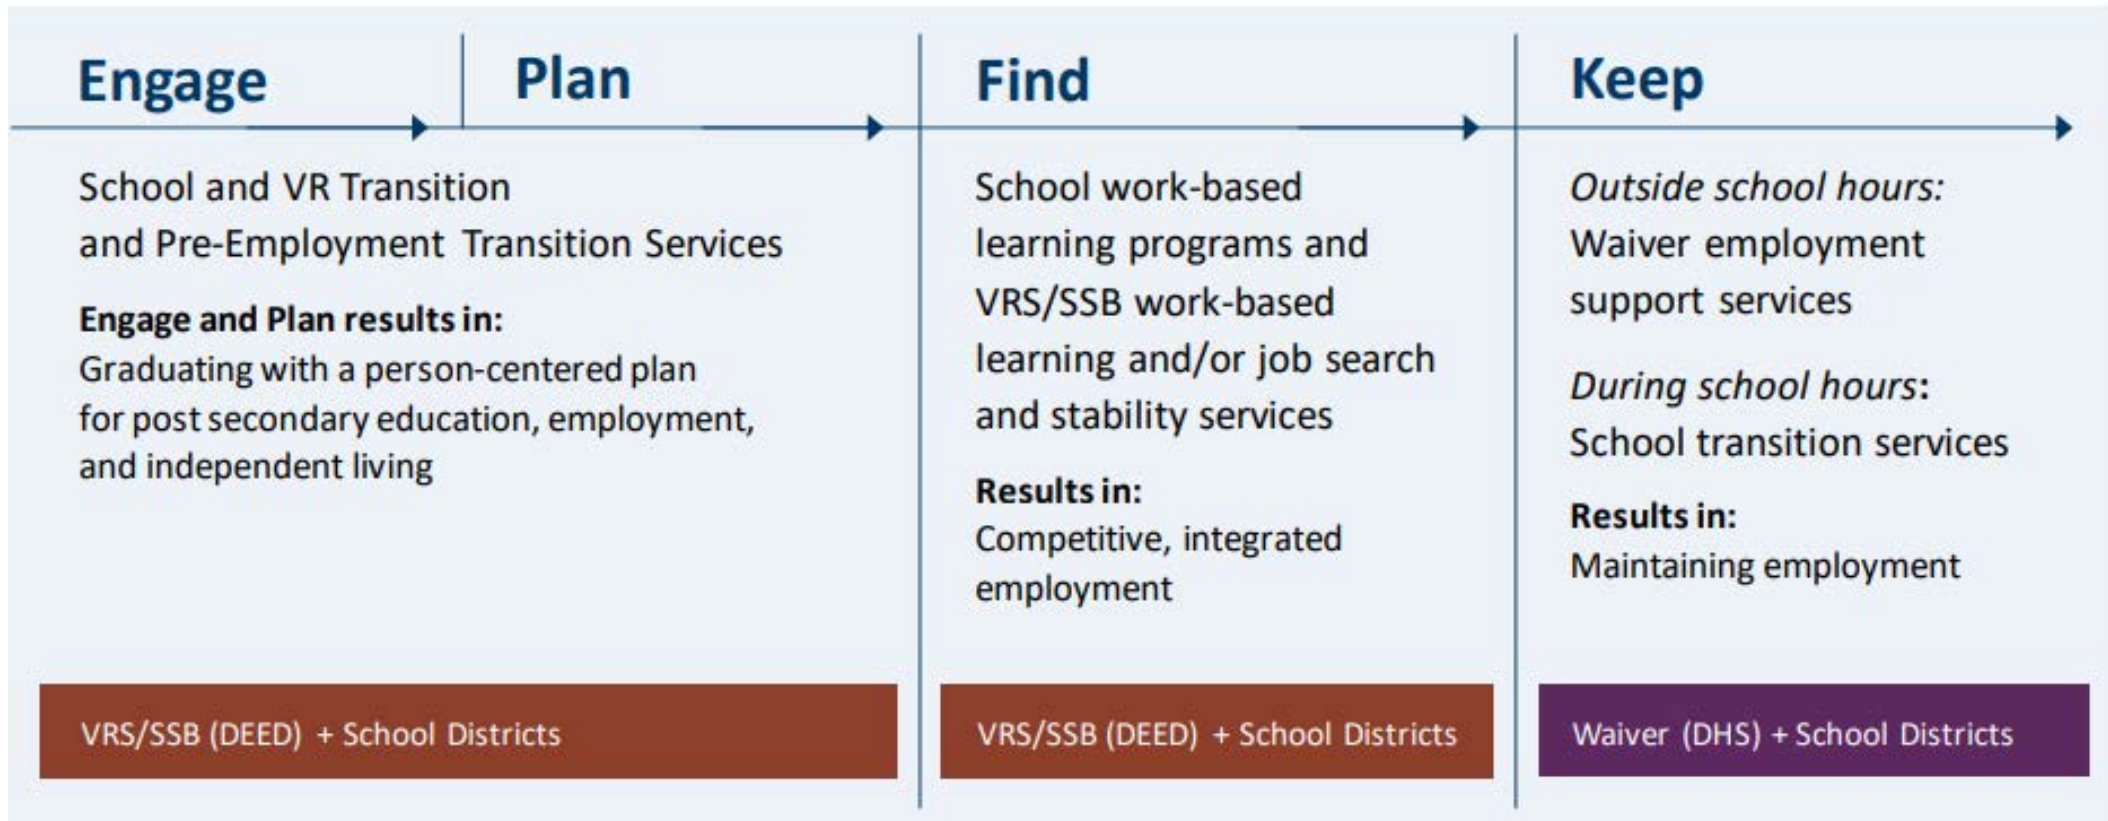

■ Waiver (DHS) + School Districts

■ VRS/SSB (DEED) + School Districts

YOUTH

Students enrolled in high school or age 18-21 transition programming

Community Level

- **Provider Network**

- Capacity
- Access

- **Case Management Network**

- Awareness and capacity

- **Business Network**

- Awareness and capacity
- Accommodations
- Internships/Incentives

- **Supports**

- Technology
- Transportation

- **Levers for Change**

- Grants
- Technical Assistance and Training
- Outreach/Advocacy/Engagement
- State Level Changes

- **Example Barriers**

- Supports or employment opportunities are not available in community
- Lack of understanding of how to provide supports/what is available

- **People receiving subminimum wages**

- Self-Identity (values/beliefs)
- Self advocacy skills
- Workforce skills

- **Families, guardians and advocates**

- Values
- Awareness and engagement
- Confidence/safety

- **Levers for Change**

- Outreach/Advocacy/Engagement
- Incentives
- State/Community level changes

- **Example Barriers**

- People do not believe competitive employment is possible
- People/families are concerned about safety
- People do not know about available resources
