MN PRAIRIE COUNTY ALLIANCE, OLMSTED, MOWER, FILLMORE, WABASHA, HOUSTON, WINONA, AND GOODHUE

# Olmsted County

Outpatient Competency  
Restoration Pilot

# Background Information

- ❖ 2014 “Whatever it Takes” (WIT) Grant Recipients
  - ❖ Funding for transitions to community living for individuals hospitalized at MSH and AMRTC
  - ❖ Counties covered by Olmsted WIT Team: Fillmore, Houston, Goodhue, MN Prairie County Alliance (Dodge, Steele, Waseca), Mower, Olmsted, Wabasha, & Winona
- ❖ Initial Need for Outpatient CRP: An individual that Olmsted WIT was supporting at AMRTC was awaiting a bed at MSH due to being DNMC. To aid in avoiding the high cost of care while waiting for the bed at MSH, he was provisionally discharged to the Olmsted County ADC. At this time we began outpatient CRP.
- ❖ Shift of CRP discharge criteria in Fall/Winter 2018.
- ❖ Olmsted County re-applied for the WIT grant citing Outpatient CRP as a pressing need for funding

# MacArthur Competence Assessment Tool- Criminal Adjudication

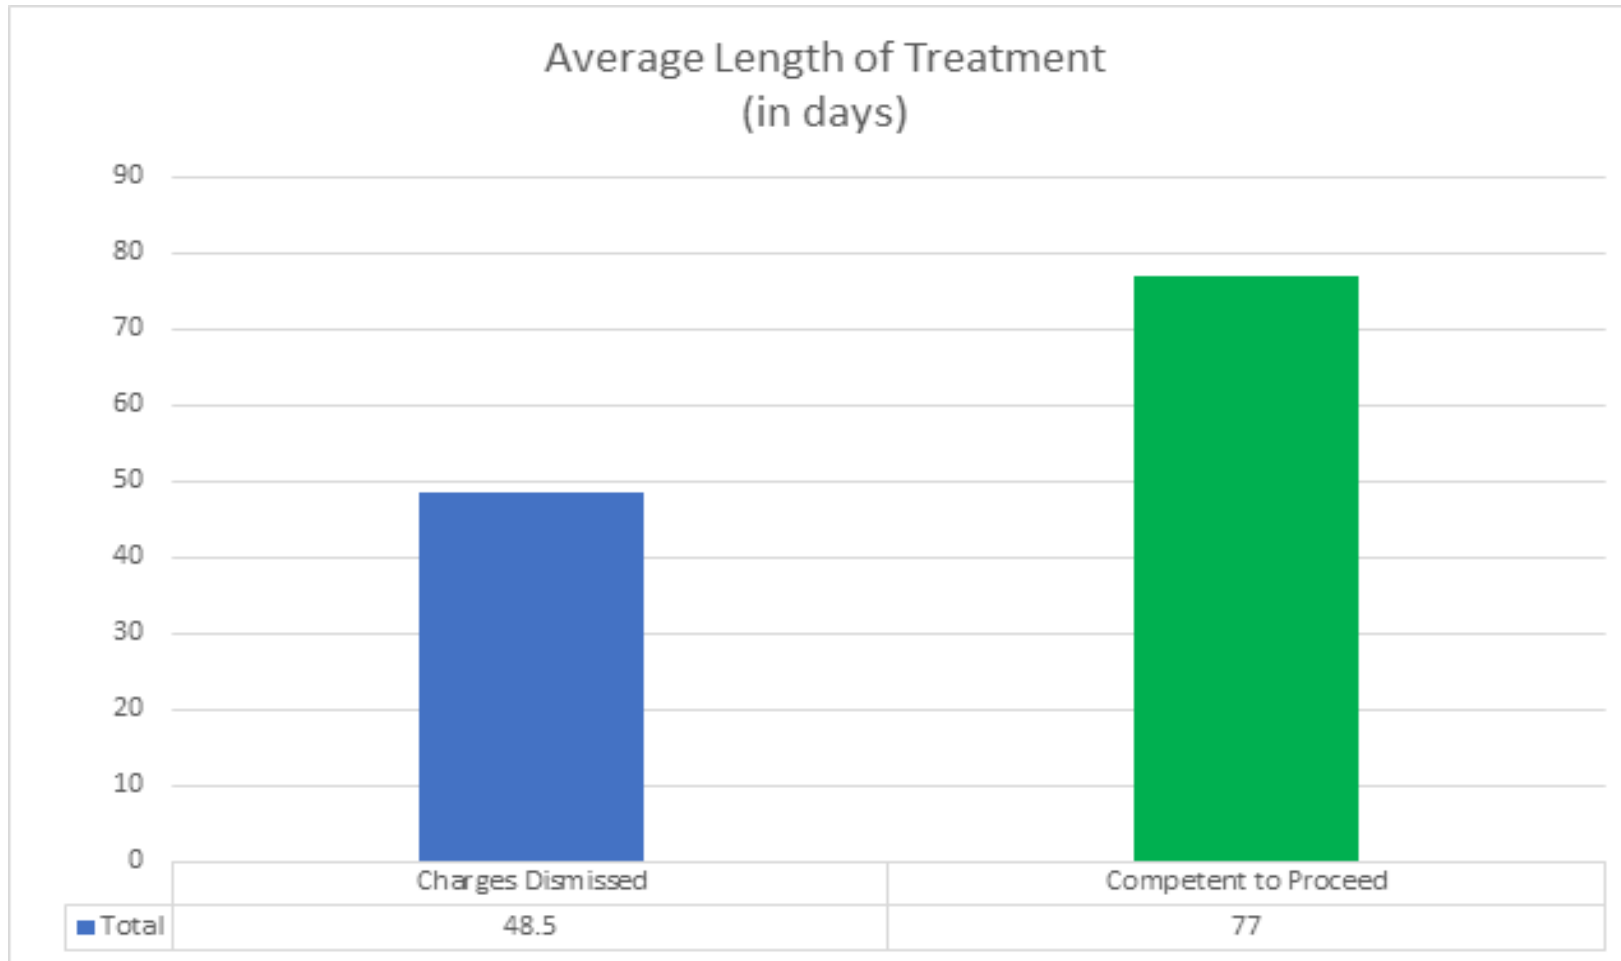

Tool scores three areas of competency:

- Understanding
  - Reasoning
  - Appreciation
- 
- Score is used to direct continued CRP focus. If individuals score high on understanding and reasoning, focus is on appreciation with intermediate review of understanding and reasoning
  - Score is also used to assess potential request of an early evaluation-when combined with overall improvement and clinical consultation
  - Assessment is done at the beginning of treatment at AMRTC or MSH, and again every 90 days until individual is found competent or charges are dismissed
  - Score is not shared with evaluators or courts. Score is used to assist in driving treatment in outpatient CRP
